

Avid Fit® Hygiene Handpiece

The Avid Fit® Hygiene Handpiece provides maximum comfort for both patient and clinician. This low speed handpiece bends and twists for you ... saving your back and keeping your wrist in a true neutral position. This handpiece works great in any size hand! It's lightweight with a grip that offers nine divots your fingers will find naturally. The nose cone moves in any direction, providing better access to hard to reach buccal areas of maxillary molars. Works with the Avid Fit® Disposable Prophy Angle to adjust and tighten the nose cone.*

It bends and twists for you!
